

Rules of preparing posters

A poster board should finally have the following dimensions: 70 cm x 100 cm

A poster should have a vertical layout (the shorter side constitutes the basis)

All graphic materials should be made in quality allowing for their printing in a printing house, i.e. the resolution of all graphic elements (bit maps, photographs, etc.) and a text cannot be lower than 200 DPI.

Clear, distinct colours and legible lettering should be used.

TITLE OF THE POSTER: A poster should have its title written in Arial font, capital letters, bold, font size 90 points, with a single spacing, adjusted to the left margin.

NAME AND SURNAME OF THE AUTHOR (AUTHORS) together with affiliation, country of origin and e-mail address, Arial font, bold, 50 points, single spacing, adjusted to the left margin.

The other parts should contain a text written in Arial font, size 40 points, single spacing, adjusted to the left margin.
